

....RUNNING OUT OF SPACE....??

Cantilever Racking

BENEFITS:

- For storing long lengths & packs of steel, wood, plastic, plaster etc..
- Strong, adjustable and rated to meet OHS requirements.

FEATURES

- Single-sided or Double-sided
- Light & Heavy duty systems available

Arm lengths:

Light duty range from 700mm (450kg/arm), 900mm (350kg/arm) & 1200mm (260kg/arm)

Medium duty range from 900mm - (1300kg/arm), 1200mm - (1000kg/arm) & 1500mm (1000kg/arm) and up to 2000mm long

All arms can be supplied with a removable retaining pin.

Post Heights:

- Light duty— 2000 / 2400 / 3000 & 3600mm
- Medium Duty— 3600 / 4200 / 4800 & 6000mm
- Other sizes and capacities available upon request

The Posts are joined with rear bracing and the **clearance** between posts can vary depending upon the type of product you're storing:

- Light duty - 900, 1200 & 1500mm
- Medium Duty - 900, 1200, 1500, 1800 & 2100mm

Pricing is based upon the type of system, the height, number & type of arms and the clearance between posts.
