

Mantova Posts

Manufactured from 25 mm x 25 mm x 1.2 mm tube fitted with a Mantova bullet foot allowing 32 mm of adjustment. Standard post heights are 1200 mm, 1800 mm or 2000 mm high. Available in: Zinc with Clear Lacquer or Polished Stainless Steel

Wire Shelving

Mantova's Wire Grid shelving system is an excellent option if air flow and strength are critical. Wire shelving is easy to install and with solid steel sides easier to clean than other brands of wire shelving. Fully welded steel corners offer class leading strength, a clean look, and price and product name space for front of shop use. Frames are welded 32 mm x 2.5 mm roll formed section with Wire Grid of 4 mm wires spaced on 8 mm cross supports spaced at 25 mm centre's.

- Shelf Widths: 600, 750, 900, 1050, 1200, 1350, 1500, 1650, 1800 mm.
- Shelf depths: 300, 375, 450, 525 or 600 mm.

Wire shelves are rated to 200kgs evenly spaced per tier up to 1200mm long. Sizes 1350mm to 1800mm are rated to 150kg evenly spaced. M-SPAN: Cool Room, Freezer and Dry Store Shelving

The all new M-Span shelf is designed to last a lifetime for an affordable price. Made by over moulding a sub frame with Food Grade Polypropylene to produce a strong shelf in one process. This patented technique reduces the cost and the carbon footprint to benefit both the customer and the environment. M-Span Shelving is quick and simple to assemble requiring no tools. Clear Access Corners and Add On bays use stainless steel M-Span shelf clips eliminating 2 posts. All posts come with nylon adjustable feet.

- Shelf Widths of 600, 750, 900, 1050, 1200, 1350, 1500mm
- Shelf Depths of 300mm, 450mm or 600mm.
- 3 tiers: 1200mm high
